Principal

Student Driver Permission Form

All students attending the High Technology High School are provided with transportation to and from school. Therefore, student driving is considered a privilege and qualified students who wish to drive will (a) supply the appropriate information requested below and (b) agree to abide by the regulations enumerated below. It is the student/parent's responsibility to notify their home district if they are not utilizing school provided transportation. All students who choose to drive do so with the understanding that the home district's responsibility for transportation may/will be waived.

If you are already driving, fill this form out completely and return it to the main office on the first day of school (even if you completed one last year). If you will be driving at some point later in the year, be sure to bring this completed form in once all of the information is available. It is the student's responsibility to update the information contained on this application. This form must be completed and submitted to the principal's office before a student drives to school. Failure to abide by these requirements will result in the delay or suspension of driving privileges.

_____ _____
Student's Name Student's Driver's License Number

_____ _____ _____ _____
Car Make Model/Body Type/Color License Plate Number Insurance Co. / Policy No.

Driving Regulations

1. Students will not be permitted to go to any vehicle during the school day without permission from the Principal or his/her designee. Students that violate this regulation may lose their driving privilege. The first offense is detention. The second offense is loss of driving privilege for 5 school days. The third offense may result in loss of privilege to drive to school.
2. Student drivers must be on time to school. The second time a student driver is late to school, the parents will be called. The third time will result in loss of driving privileges for the remainder of the marking period in which the violation occurs. The next offense may result in a loss of privilege for the remainder of the school year.
3. Drivers must obey all safety regulations while in the parking lot.
4. Students may not drive on or off campus during school hours without written parental permission confirmed by the Principal.
5. Any registered student driver may drive another student to or from school ONLY with written permission from the parent/guardian of both the driver and the passenger, as well as approval from the administration in advance. Student drivers and passengers who are in violation, will be assigned detention and may lose their driving privilege or place their driving privilege in jeopardy when they become eligible to drive.

I have read and understand the regulations for student driving listed above. I agree to abide by these regulations and understand that any violation may result in disciplinary action, including the suspension or revocation of driving privileges.

_____ _____
Student Signature Date

I have read and understand the regulations listed above. I grant permission for my son/daughter to drive to and from school and acknowledge the school is not responsible for any motor vehicle violations that may occur. I also acknowledge that violation of these regulations may result in disciplinary action, including the suspension or revocation of my son/daughter's driving privilege.
